9. Members Privilege - Good News & Celebrations

Members Lewis asked if the Emergency Management and Civil Protection Act is enforced by Police or by local By-law Enforcement Officers. The Detachment Commander confirmed that the legislation is enforced by both. He also asked the Detachment Commander what their thoughts were on holding the Holstein Canada Day Fireworks as a "drive in" style. She confirmed that the best thing to do is refer to the

government hotline if you have questions on how to interpret any information the government has supplied related to COVID-19. She stated that there is a lot of grey area in the information but that the OPP are there to enforce, not to interpret the information.

Member Dobreen thanked all first responders and front-line workers for their hard work during the COVID-19 pandemic.

Constable Ward added that the OPP have increased their visibility at local grocery stores during seniors' hours. This has been a very positive initiative. He added that they want everyone to know that although we are in a crisis, the police are still there to help. He added that a picture was taken of an OPP cruiser at the Dundalk Foodland during seniors' hour which was shared on Twitter and had a lot of interaction.

Councillor Frew added that the OAPSB Annual General Meeting is now virtual and open for registration. The virtual meeting is being held on May 29th at 3:00 PM.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2017 billing period.

Note to Municipalities:

RE: OPP Detachment Board Composition

The purpose of this letter is to share our views regarding OPP detachment board composition, on behalf of the members of the Ontario Association of Police Services Boards (OAPSB).

These views are informed by three key occurrences:

1. Our 2016 survey of members regarding the legislative rewrite, which received an 80% response rate;
2. The OPP Governance Summit we hosted in January 2020, in which our members discussed Detachment Board composition with policy staff from your Ministry; and
3. The recent position paper of the Association of Municipalities of Ontario (AMO) titled *New Ontario Provincial Police Detachment Boards: Building a Framework for Better Policing Governance* dated 1 May 2020.

Firstly, please know that we applaud the extension of OPP governance to over 200 more communities. This is a tremendous step in that OPP policing is optimally aligned with the people's needs, values and expectations.

We also applaud the legislative requirement for police board members to successfully complete training and implore you to include competency-development training as part of that requirement (i.e. "*how* to govern police" training).

There is overwhelming consensus among our members that a single model will not serve the interests of every community in Ontario. Our members made it loud and clear at the OPP Governance Summit that, when it comes to creation of OPP detachment boards, that "one size will not fit all" and larger boards are preferable to insufficient representation of affected communities. We believe that AMO shares this view.

OAPSB has a long history of collaborating with AMO on positions of mutual interest, while maintaining organizational independence. This relationship reflects our member boards' relationships and appropriate independence from the municipal councils in their communities – the subject of the 2014 OAPSB paper "[*Independent Citizen Governance of Police – Reasons & Principles*](#)". Many municipal councillors appointed to boards are also members of AMO, thereby strengthening our relationship.

It is within this context that we write to state our difference of opinion with several key aspects of AMO's suggestions regarding OPP detachment board composition. Specifically:

1. OPP detachment boards should remain **independent, stand-alone local boards**. They should not be based on District Social Services Administration Boards (DSSAB) nor municipal council for that matter. Police governance is far too complex to add it onto a governing body that is focussed on other matters. This is one of the many reasons police governance training for new board members is essential. Detachment boundaries are not congruent with DSSAB boundaries, which unnecessarily complicates board jurisdiction. DSSAB composition is overwhelmingly municipal councillors and their staff, which is not a reasonable balance of municipal councillors and independent directors. Our northern Zone Directors inform us that their constituent boards are overwhelmingly opposed to this suggestion for a convenient solution, and question how police governance could be so disregarded with this suggestion.
2. **Provincial appointees** make invaluable contributions to our member police boards, and are a key component to the balance of municipal councillors and independent directors that makes up all police boards in Ontario today. We note that the jurisdictional scan that was provided in the AMO report was incomplete. A comprehensive look at police boards across Canada reveals that, on average, more than two-thirds of board members are independent directors rather than municipal councillors or municipal staff.

Province	Municipal Board Composition			Remarks
	Councillors	Municipally appointed citizens	Provincially-appointed citizens	
BC	2		Up to 7	
AB	1-2	3 -10		staff may serve in councillors' places
SK	3	2		
MB	Up to 2	2 or more	1-2	
NB	1+	1+	1+	
NS	2	2	1	
QC, NL, PEI				No boards
Total	Up to 12	9 to 20+	Up to 12+	
ON - Current OPP contract boards	1-2	1	1-2	

Notwithstanding historic challenges and delays in provincial appointments, replacing them all with councillors or municipal staff serves to solve one problem by creating a larger one: the loss of balance and independence on police boards. Clearly the other provinces in Canada have seen this, and have reduced the overall number of municipal councillors or their staff to ensure an appropriate balance of views and board independence is preserved.

A better solution would be to allow detachment boards themselves to appoint a citizen who is neither a municipal councillor nor municipal staff for a period of three (3) years, into any provincial (or municipal) appointment that goes vacant for 90 days or more. This would ensure OPP detachment

boards remain well appointed while preserving the balance of perspectives and board independence.

In summary, we have surveyed, focus grouped and researched the matter of OPP detachment board composition, and have concluded that:

1. OPP detachment board composition needs to be flexible enough to adapt to the widely-varied groupings of communities policed by OPP communities.
2. Just as police must be afforded a certain degree of independence to properly undertake their duties, so must police boards. Increasing the number of municipal councillors would upset a delicate balance of views on police boards today, and significantly erode police boards' essential independence.
3. OPP detachment boards should remain independent local boards, and not become part of District Social Services Administration Boards (DSSAB) by design, nor extensions of municipal councils by composition;
4. Detachment boards themselves should be allowed to appoint a citizen who is neither a municipal councillor nor municipal staff for a period of three (3) years, into any board appointment that goes vacant for 90 days or more.

Thank for considering our Association's perspective on these matters.

Yours truly,

Subject: speed racing on victoria

Dear council, (please see link at end)

I know you have made efforts to reduce speeds in the Village Of Dundalk by reducing speed limits to 40km per hour. which is a great first step. Also there has been talk of an electronic device for monitoring speed that is excellent too.

With that said I have been a resident on Victoria street for 13 years now raising my young family. Each year that goes by the non sense in driving habits seems to be getting increasingly worse despite aforementioned efforts to reduce speed. I have watched for 13 years as people use victoria as a quick way through town speeding and blowing stop signs on a consistent basis. Watching not only cars and trucks but snowmobiles, ATVs and bikes use it as a raceway. (not Typically residents of victoria street). This troubles me as It is just a matter of time before something major occurs on Victoria street. Lets just hope it's not a fatality of a kid chasing a ball or an elderly individual trying to cross the street or any individual.

I think most residents on victoria street would embrace the idea of temporary speed bumps on victoria street to slow this nonsense down. Non Physical means do not seem to work.

I think if two temporary speed bumps were placed between each section of stop signs on victoria street it would drastically reduce the speeding offenders. What can it hurt to try?

I have attached the most recent event here <https://www.youtube.com/watch?v=eG6wgTsVjlU>

This link here <https://www.cbc.ca/news/canada/toronto/photo-radar-automated-speed-enforcement-toronto-gta-1.5638024> is a new proactive approach being used in Toronto. The automated speed enforcement program is part of Vision Zero — a movement to eliminate deaths and injuries from traffic collisions that has been adopted by municipalities around the world. Toronto, as well many other municipalities in the GTA, have developed Vision Zero strategies that include the use of automated speed enforcement.

Thank You for your time
